You must **complete all required fields and provide all required additional forms and documentation** to expedite processing and to avoid requests for additional information.

## Section 2: Account

### A. Account Type

Check the box indicating the retirement account type and then select if it is a new or existing account. For an existing account, provide the Trust Company account number. For a new account, provide the appropriate Trust Company account application with this form.

### B. Account Owner

Enter the account owner information for this account exactly as it

appears on your Trust Company account. For new accounts, enter the account name exactly as it is written on the application form.

## Section 3: Reason for Distribution

This information is required for IRS reporting purposes. In most situations, Trust Company is required to issue a Form 1099-R for distributions from your IRA. Depending on the nature of the distribution, the distribution may or may not be taxable. *Note: For additional information, consult your tax advisor or the IRS.*

Select one of the following distribution reasons.

- **Normal distribution.** (age 59½ or older.) Also used for Required Minimum Distribution (RMD) or if you intend to rollover the distribution to another retirement account within 60 days.
- **Premature distribution.** (under age 59½; may or may not be subject to 10% early withdrawal penalty.) *Note: For additional information, consult your tax advisor or the IRS.*
- **Substantially Equal Periodic Payment (SEPP) distribution.** Use if the distribution is part of a series of a SEPP program.

**Important:** Any contributions or distributions other than the SEPP program distributions will be considered a modification of the SEPP program and could be cause for exemption disqualification by the IRS.

- **Disability distribution.** (under age 59½; not subject to 10% early withdrawal penalty.) Under Internal Revenue Code an individual is deemed to be disabled if "he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration." *Note: The Social Security definition of disability does not apply here. Proof of disability may be required by the IRS.*
- **Divorce distribution.** (under age 59½, not subject to 10% early withdrawal penalty.) Use this method to move all or a portion of your IRA to a former spouse under a divorce decree. *Note: Assets from a Roth IRA can only be moved to another Roth IRA.*

**Important:** A divorce requires your former spouse to complete their personal information and sign in Section 9, in addition to your signature in Section 8. *Note: All information and required signatures must be submitted on one form. Do not send a copy of a divorce decree to Trust Company.*

- **Direct rollover to a qualified retirement plan at Trust Company.** This method moves cash and securities to a qualified retirement plan at Trust Company. *Note: If the receiving account is not an existing account, attach the appropriate Trust Company account application.*
- **Early SIMPLE IRA distribution.** (under age 59½; first contribution was less than two years ago; subject to 25% penalty tax.) Use this method if you are under 59½, your first contribution was less than two years ago, and none of the exceptions allowed by the IRS are known to apply. You may be subject to a 25% penalty tax. *Note: The two-year period begins on the day contributions were first deposited in your SIMPLE IRA. For additional information regarding exceptions, refer to your tax advisor or the IRS.*

**Important:** Do not choose this distribution reason if the first contribution went into your SIMPLE IRA more than two years ago. Select Premature Distribution instead if you are younger than 59 1/2 and the SIMPLE has been in existence for more than 2 years.

- **Recharacterization.** This method changes your IRA contribution designation and moves either all or a portion of an original contribution (in your original IRA,) adjusted for earnings or losses, to another IRA type (your second IRA.) Use this form to:

- Recharacterize any conversion contributions you made to a Roth IRA

- back to the original Traditional IRA; or
  - Recharacterize any annual contributions you made to a Roth IRA to be an annual Traditional IRA contribution; or
  - Recharacterize any annual contributions you made to a Traditional IRA to be an annual Roth IRA contribution.
- Return of excess contribution plus earnings.** This method withdraws funds prior to the tax-filing deadline plus extensions for the year for which the excess contribution was made. *Note: If the excess contribution is being removed after the tax-filing deadline plus extensions, depending on your age, the distribution is either a Normal Distribution or Premature Distribution. Check the appropriate box and complete Gross Cash Amount in Section 4B.*
  - Conversion to a Roth IRA.** This method moves funds from a Traditional, SEP, or SIMPLE to a Roth IRA. By choosing this option, you are certifying that the conversion meets the requirement under law for a qualifying conversion contribution and that you understand the tax consequences of the transaction. *Note: If you are 70½ or older, your RMD must be satisfied prior to completing a conversion. For additional information, consult your tax advisor or the IRS.*

## Section 4: Distribution Amount

Complete either the full distribution instructions in Section 4A or the partial distribution instructions in Section 4B.

**Liquidate assets for cash distribution.** To liquidate assets for a full, partial, or systematic distribution in cash, contact your investment advisor to initiate any liquidations required. If your investment advisor needs to liquidate assets to cover the requested cash, the distribution will not be processed until the settlement date for the sells. *Note: If you request to liquidate an asset that cannot be liquidated, we will return the paperwork to your investment advisor for clarification and no action will be taken on the request.*

### A. Full Distribution Instructions, if applicable

For full distributions, select either Full Cash Distribution or Full In-kind Distribution checkbox. *Note: Distributions requiring the liquidation of assets will be processed after all liquidating trades have settled.*

**Important:** If you are requesting a full distribution, all systematic distributions for the account will be stopped upon receipt of this distribution request.

### B. Partial or Systematic Distribution Instructions, if applicable

For partial or systematic distributions, select the appropriate type of distribution and provide the requested information, if applicable.

- Dividends and Interest Only.** All dividends and interest earned by the account during the systematic period will be distributed. *Note: For systematic distributions only.*
- Gross Cash Amount.** The gross cash amount is the amount before any tax withholding has been applied. Provide the gross cash amount for any distribution reason, including requesting a RMD amount that has been calculated by you or your tax advisor. *Note: For a systematic distribution, enter the gross cash amount to withdraw each period.*
- The Required Minimum Distribution (RMD) amount.** Trust Company will calculate your RMD amount based on the information provided in this section. *Note: May be delivered one-time or by a systematic distribution.*

**Full RMD amount.** Trust Company will calculate and distribute the total RMD amount for the year. *Note: Any previous distributions for the year will be ignored.*

**Remaining RMD balance.** Trust Company will calculate the total RMD amount for the year, subtract any previous distributions for the year, and distribute the remaining amount.

**Important:** The RMD calculation will be based on the information available to Trust Company. The account owner is responsible for notifying Trust Company if there are any outstanding rollovers, outstanding transfers, conversions, or recharacterizations that are not reflected on the previous year-end statement.

**Important:** Trust Company will calculate the RMD using the Uniform Lifetime Table unless the sole beneficiary is a spouse more than 10 years younger than the account owner. If the spouse beneficiary is more than 10 years younger, Trust Company will calculate the RMD using the Joint Life Expectancy Table.

- Partial security shares.** Provide the number of shares and the security description and symbol, if available. *Note: The value of the distribution, including securities, is determined as of the closing price on the business date the distribution is issued. Certificates of deposit, treasuries, and some mutual funds and securities cannot be delivered in certificate form.*

**More than two securities.** For a partial distribution, if there are more than two securities being requested, list the information for the additional securities on a separate piece of paper and check the 'Additional securities information provided' checkbox at the end of the section.

- Recharacterization.** Select the type of recharacterization and select the year for which the contribution was intended.

**IMPORTANT:** Also complete Section 4C, Recharacterization or Excess Calculation.

- Return of excess contribution plus earnings.** For distributions prior to the tax-filing deadline plus extensions. Check the Current Year or Prior Year checkbox to denote the year for which the contribution was made.

**IMPORTANT:** Also complete Section 4C, Recharacterization or Excess Calculation.

## C. Recharacterization or Excess Calculation, if applicable

Select who will calculate the earnings and losses for the recharacterization or excess.

**Earnings or losses calculated by you or your tax advisor.** Enter the gross amount, adjusted for earnings or losses, to distribute. Also enter the amount of earnings or losses used to calculate the gross amount.

**Earnings or losses calculated by Trust Company.** Enter the amount of the original or excess contribution. Also enter the date of the contribution or conversion was made. *Note: Calculations performed by Trust Company use the method posted in the current applicable IRS regulation.*

## Section 5: Withholding

**Important:** The distributions you receive from your retirement account are subject to federal and possibly state income tax. Even if you elect not to have tax withheld, you are liable for payment of income tax on the taxable portion of your distribution. You may also be subject to tax penalties under the estimated tax payment rules if your withholding or payments of estimated tax, if any, are not adequate. *Note: For additional information, consult your tax advisor or the IRS.*

### A. Federal Withholding

Check the box indicating the federal withholding and the percent or amount to be withheld or specify that you want no federal tax withheld. *Note: The total amount withheld must be no less than 10%. To elect no federal withholding, Trust Company must have a street address on file for your account.*

The account's legal address of record at the time of the distribution determines the state withholding requirements.*

**Important:** State withholding is not available for all states. For a list of states available for withholding and the withholding rules by state, refer to the Trust Company Withholding Information document found online at [www.trustamerica.com/advisor-forms](http://www.trustamerica.com/advisor-forms).

**Withholding on in-kind security distributions.** For in-kind security distributions, there must be a sufficient cash balance to cover the withholding amounts specified.
